ABOUT ME

I am a curious person with a strong motivation to learn and understand how things work in depth.

I currently work solving problems as a web developer at Ayesa, a global provider of technology and engineering services, specifically in the educational sector, developing e-learning platforms primarily with Moodle for the Junta de Andalucía and Rey Juan Carlos University, in Spain.

EXPERIENCE

WEB DEVELOPER | ON-SITE

Multimedia Business Center | Grupo MBC | 2020-2023
